They reached the lush green campus of Mayo College on the 29th of September. The RKK team made it to the top 4 teams out of the total 16 and broke into the Quarter finals against the host school, Mayo College and fought their hardest. The Closing Ceremony was graced by Ms. Advaita Kala, a renowned author and columnist. Ma'am's words were truly enriching.

Following takeaways from the competition will take the future debaters to a long way :

- A good debater is a good listener. Observation and adaptation are one of the key ingredients to an engaging Debate, especially in The Asian Parliamentary format .
- Mechanizing and elucidating your arguments with proper characterization is crucial. It is necessary for you to paint the picture of your side of the world to the adjudicators to showcase why your stance is the one to support
- Analyzing and weighing the arguments aptly is crucial for the verdict, and must be done in a way so as to glorify our own arguments, and to prove the detrimental impacts of their matrix.

The quizzers were Nehal Gehlot and Nehal Anwala. The debaters were Varalika Sharma, Aarohi Bhattacharjee and Aadyaa Vivek. The team escort was Mr Pooja Mehta.

As the first step in their journey of finding out the secrets hidden within the five students - Prachi Jain, Jaanya Rathi, Akshi Singhvi, Virika Mehta & Suhani Lodha along with Mrs Sapna Gupta set out to **Brookhouse Schools Nairobi, Kenya** to attend the **Round Square International Conference 2023** being hosted from **8th to 14th October 2023** & Pre Conference trip exploring various sightseeing destinations of Kenya from **4th to 8th October 2023**. The Conference commenced with an Opening Ceremony where they introduced to us the idea of "**The New Africa**" which allowed everyone to explore many ways in which the continent has evolved over the years. The Guest of Honour was Her Excellency Margaret Kenyatta, former First Lady of the Republic of Kenya where she gave an enlightening speech on the talents hidden within all of us. For the rest of the conference we were all split into different Barazza sessions and each Barazza session had their own unique agenda and perceptions. The first day began with the Round Square Pillar of Democracy, with a programme of Keynotes and panel discussions that highlighted an array of African innovators namely, Waihiga Mwaura: Kenyan Journalist and BBC presenter of Focus on Africa, Peggy-Matavo Ochoa: Educational Entrepreneur and Executive Director at PACEMaker International, Christian Lambrechts: Environmentalist and Executive Director at Rhino Ark Charitable Trust, Kenya, Bright Simons: Technology entrepreneur and President of the mPedigree phone-based system. This informative session was followed by an exciting treasure which helped us to foster a sense of partnership with our Barazza members and leaders. Later that evening we were escorted by our homestay families. The Brookhouse families provided us with comfortable homestay accommodation and a first-hand experience of African hospitality for all of us. The next day of the conference included a day devoted to community-based projects which covered the Round Square Pillar of Service. We were physically involved in building, creating and decorating an environment where learning could flourish. This activity also provided us with a chance to interact with the deprived students of Africa. The day ended with a vibrant cultural evening in which every school from every corner of the world showcased their talents and traditions. The following day being Adventure Day, featured a night under African skies, camping in the Nairobi National Park, with wildlife game drives and an environmental conservation focus. But as they say, all good things must come to an end and what an end it was. The entertainment and the enjoyment felt beyond gratifying and the memories and friends made along the way are a constant reminder of the great times we spent there.

Born on 2nd October 1869, Mahatma Gandhi was a man who believed in the power of truth and non-violence. His firm belief in these principles helped him lead our country to freedom. It is because of his significant role, that we are living here today, in a free India.

To celebrate his birth anniversary, the children of Classes I and II joyfully performed various activities on 4th October 2023. They recited poems on him, drew and coloured his picture. In craft activities, the children made beautiful charkhas, bookmarks and his three monkeys that say 'Hear no evil', 'See no evil' and 'Do no evil'.

The children of Classes III and IV sang songs and bhajans that Gandhiji used to love and also danced to various songs in his memory.
