## Trip to Jawai Dam (Round Square Initiative)

Earth and sky, woods and fields, lakes and rivers, the mountain and the sea are excellent schoolmasters that teach us more than we can ever learn from books. RKK believes that adventurous experiences out-of-doors kindle the enthusiasm and provide the means of self-discovery, self-expression and enjoyment. On Saturday, **12th November**, students of Grade VIII set their foot on one such adventurous rollercoaster ride to the Jawai Dam. The trip was organized under the Round Square pillars of Adventure, Leadership and Environment. It was facilitated by our travel partners Rajasthan Tours. The team comprising about 93 students and teachers left the school at around 7:30 am and reached Jawai Dam Interception Bhawan at 10:30 am. Thereafter, under the RS Leadership Pillar, a Social Education Session followed whereby the students got an opportunity to interact on the elements of nature with trainer Mr. Divyodit Singh in the beautiful Dam Garden Area. - Actions we can take - social welfare programs, be more mindful about our purchase and managing our budget.
- Prices have increased and we should do something about it. (Gas, food, etc...)
- Due to the pandemic, governments gave away too much money to people to generate consumption and generate help. So countries had been affected with inflation. Therefore, there is less economic development meaning less employment and less production. More hunger, more delinquency, and more poverty.
- Economic deceleration affected various aspects of our daily life, including the price of our basic commodities and issues such as employments and crime rate.

## #Welfie ~Let Happiness \*Click\*

(An Online Photography Competition on the theme of Mental Health)

As rightly said by Noam Shpancer, *"Mental Health is not a destination, but a process. It's about how you drive, not where you're going."*

RKKGPS nurtures students' Happiness Quotient by encapsulating academic and non-academic knowledge infused with fun elements to make learning a highly productive exercise and experience for students. We feel proud to share that RKKGPS, Jodhpur bagged the Second Position among the best schools in India to encourage Mental Health and Well-Being (MHW). As an initiative for promoting wellness and awareness amongst teenagers to prioritize Emotional Intelligence, we hosted an Inter-School Virtual Photography Competition, #Welfie ~ Let Happiness \*Click\*, on the theme of Mental Health, under the proud aegis of AFS, celebrating Mental Health Week. 31 schools across the country have displayed enthusiastic participation. It was a delight to see 112 participants' points of view on viewing struggles as growth and opportunities. The illustrations were depicted so powerfully that they made us think deeply about something very important in our lives - The Power of Hope. At the end of the day, all we need is hope and strength. Hope that it will get better and strength to hold on until it does. The event was judged by a panel including renowned judges of national repute- Ms. Anamika Singh Adaa, Founder of ADAA and "I" to "I" wellness journey, and, Mrs. Krishnajyoti Sayani, Private Consultant Therapist from Cleveland, USA. The Photographs were judged on the following criteria: Creativity, Originality, Presentation, and a Catchy Tag-Line.

The results of the Competition were announced on the **26th of November '22**. The students received acclamation and recognition for their efforts and thoughts that they put into the welfies they clicked. They will be given the certificates according to the three categories: Certificates of Merit (For Outstanding Depiction), Excellence (For Commendable Efforts), and Appreciation (To all the Amazing Participants).

Growth doesn't always look like massive transformation. Small progress is just as valuable and worth celebrating as bigger ones. The photographs were a reminder that we are strong enough to face it all, and even if it doesn't feel like it right now...we must remember: This too shall pass!

## Visit to 'Anubandh' : Old Age Home

The enthusiastic and determined members of Rajmata Krishna Kumari Girls' Public School Interact Club, went for a visit to an Old Age Home 'Anubandh' on 26th November 2022 with Mrs Mukta Singh.

The objective behind this visit was to help the senior citizens in every possible way. Students started a conversation with Dr. Anuradha Adwani, founder of Anubandh, where she inspired all to think about life. "Nothing is easy in this world, everything is challenging. This was followed by some performances prepared by RKKians. Everybody joined and enjoyed fun-filled session. A game was played with elderly people which made them feel very happy. Some food items and essential items were given to them. A group photograph was clicked. It was a great experience for the young children to spend time with the elderly and neglected grandparents. Their moist eyes left students in profound pain, sorrow and deep reverence for them.

(Inter Cultural Exchange Program 2022 - Hosting)

*When people from different cultures meet they don't only share experiences or learn & adapt new ways of doing things but also change & evolve to become better humans whose only religion or culture is humanity.*

Any cultural exchange aims at making people aware of the beauty in the differences. When the students interacted and got to know each other they started looking for the similarities that bind them together respecting, accepting, and appreciating the diversity they encountered. The exchange was planned meticulously to make students understand the depth and essence of the cultural heritage of Rajasthan. The students participated in many fun-filled activities like Masterchef Workshop, Talaash-e-Hunar- Talent Hunt, and Barazza Session. Sporting activities that included Swimming, Shooting, Squash, and a friendly Cricket Match were enjoyed by everyone with full enthusiasm. Various artistic workshops like Dramebaaz- Theatre Workshop, Musical Melodies- Western Song Workshop, Dancing Dreams- Folk Dance Workshop, Artists in Motion- Western Dance Workshop were also organized where the students learned different styles of art and the traditional dance of Rajasthan, Ghoomar. The students showed encouraging participation in the Chehre-pe-Chehra, the face painting workshop where they all bonded and painted each other's faces, which was then followed by a Halloween-themed dinner and Dance party, to promote global acceptance and competence. Treasure Hunt revived everyone's enthusiasm as the students curiously searched for the treasure clue-by-clue roaming around the school premises.

They also undertook service endeavors- Project Prayaas and Project Shakti, initiatives by Yuurani Sahiba to empower rural women and spread awareness about maintaining hygiene during menstruation, and distributed sanitary napkins among the rural women.

At the Principal's Dinner, each member school gave mesmerizing regional dance and musical performances representing their culture and traditions. The evening proceeded with the address by Mrs. Neera Singh, Principal, RKKGPS, Jodhpur, and Mrs. Sapna Gupta, Dean of the Exchange Programs, where they encouraged the students to keep participating and learning all that they could through these cultural exchanges to expand their horizons and become a globally competent citizen. All the teams with their teacher escorts were then felicitated with certificates and gifts by the respected principal ma'am and were also given T-shirt souvenirs as a loving memory of the school. The night ended with a DJ revival and a delicious dinner. The visits to different parts of the heritage city of Marwar had their own effect. Visiting the Mini Jaisalmer- Osian Safari, Temple, and Mandore Garden was an adventurous experience for everyone. They were thrilled with the fascinating Jeep safari and camel rides in the dunes of Osian. The students were amazed at witnessing the beautiful carvings and age-old inscriptions on the ancient temples of Osian and Mandore. The member schools experienced the roots of Marwar as they visited the pride of Jodhpur, the Mehrangarh Fort, and Umaid Bhawan Palace on a royal affair. The magnificence and grandeur of the Fort and the Palace had everyone awestruck as they explored the fascinating stories behind the royalty of Jodhpur. The students collected a plethora of knowledge about the making of handicrafts and the working of textiles as they were guided through the Shekhawati Arts factory. The visit to the QuickLime Chemical factory had them all motivated and inspired them to follow their dreams as they had a conversation with the owners and winners of Limca Book Record. Visiting an unusual museum Arna Jharna was one of the unforgettable experiences for all.

From enjoying the delicious delicacies of the traditional rajwadi food mirchi vada, daal baati, etc to exploring the monumental treasures of emotional significance to bonding together through various activities, each one of the participants from different schools and provinces exchanged a superfluity of experiences and made beautiful memories. The exchange was a proud success as all found the beauty when they were first greeted with "Khamma Ghani" and had a hard time saying goodbyes where they quoted while wearing souvenir t-shirts that they were leaving a part of them behind and taking a lifetime of cherished memories.

Sadarangani, Jasmitha Pitti, Bhavika Minni, Priyal Jain, Mahi Chouhan, Ananya Agarwal, Ashmin Sidhu, Aaroohi Bhattacharjee, Nikita Singh Bhati, Khyati Kavia, Rashi Bafna and Mauli Surana with their escort teacher, Ms Lata Bhati** for an Inter Cultural Exchange Program at Vantage Hall Girls' Residential School, Dehradun from 20th to 30th November 2022, departed from Jodhpur on 20th November and boarded the train with hopes and aspirations to probe new cultures, traditions and values. As soon as they reached Rishikesh they were greeted with a chilly waft of fresh air were surrounded by picturesque mountain and gigantic trees. They travelled in bus thereafter to reach Dehradun and were left awe – struck by the beauty and the panoramic view throughout their expedition. RKK delegation was warmly welcomed by the students and staff of Vantage Hall with roses. Delegates learned a lot about civilization and customs through their folk dances, time honoured songs and edifying presentations about the Dev Bhoomi. They also visited various places like the NIVH (National Institute of Visually Handicapped), FRI (Forest Research Institute), Reo Resort and the Buddhist Monastery and went on a shopping spree in the Pacific Mall, the Monastery, Rishikesh and Mussoorie.

Everyone enjoyed the Principal's Dinner and danced to the DJ before retiring to their beds for the final time. They paid a visit to the holy Ganga and relished scrumptious food in Rishikesh as well. Although it was hard saying goodbye to their newly made friends as they departed for Rishikesh on their last day, they made memories that could be cherished life long and amassed contacts. On their return the students conceded that amidst all the frolicking in the dorm, from laughter to fights from disagreeing to working as a team they learned morals and worth that would aid them throughout their lives and make them better as human beings and that is exactly what exchange programs are all about.

## SelaQui International School, Dehradun (Inter Cultural Exchange Program - Sending)

*“The journey of thousand miles begins with one step”*

The Proud Rkkians with the membership flag of AFS-India entered the threshold of Selaqui International school in Dehradun for an Inter-Cultural exchange program from 20th November to 30th November 2022. 14 RKK's Delegation were - Yashna Parashar, Shreya Maloo, Mansi Birla, Aarushi Malu, Riddhi Lalwani, Divisha Jain, Mayurika Singh, Divya Budhwani, Vidushi Digga, Yashika Bharti, Aduika Bhansali, Divisha Bhandari, Kashvi Goil, Prachi jain, with their Escort Teacher Ms Awanesh Sharma. On the very same day we were given a warm welcome followed by the tour of the campus and an interactive sessions with the students of SelaQui. Early morning started with spiritual Vedic mantra Chanting, Yoga with music and Zumba sessions. To keep all of us busy, we had many workshops like Pottery, weaving dance, music etc that allowed us to imbibe the diverse culture of Dehradun and Uttarakhand. A visit to Indian Military Academy gave us the chance to bow in the honour of all those soldiers where they all have been chiseled to become a man with difference to make a difference. Exploring the north and south campus including chetwode hall, Salaria Aquatic hall, War memorial and the museum filled our hearts with patriotism. A trek to Doonga village offered the view of majestic mountains and picturesque scenes which was indeed a blissful sight for all of us. Photo-sessions at “sahastradhara” was mind-blowing, where we clicked and gathered memories. Sports like horse riding and golf came as a surprise that we totally enjoyed the most. A DJ night and bonding time with the students added the vibes to enjoy with the flow. The visit to the printing press offered us to know the journey of a newspaper which reaches to all of us early morning. And at the top of this we were surprised to see our photograph, which was clicked and printed in a while for all of us, gave us the feel of celebrity. A visit to Purkul gave us the opportunity to know about all those ladies who crossed the distance of 30 miles from the peak of the mountain till the foothills to reach out to many through their dextrous handwork through various online shopping stores to earn their livelihood. Visit to a buddhist monastery taught us the value of peace and we realised how difficult it would have been for a prince to become a monk for the upliftment and betterment for humanity. We left the campus of 50.2 acres of SelaQui on 28 but more adventure was waiting for all of us when we reached to Shiupuri for our camp stay. All the members were trying their best to stay fit in the completely opposite weather conditions and were able to test their skills of being sporty and a challenger. Caring the fear of to drop down on the heads of barite or the groom as an uninvited guest, right from the top had no fun but a thrill in it during the zip-lining at the height of 85 metres with 340 metres of distance while crossing Barat processions, vast river bed and huge trees left all of us with a wonderful experience, it was indeed a treat to compliment for many of us who idi it for the first time. A visit to Janki Setu, ram Setu, food offerings to the fishes and the rituals of Ganga Aarti allowed us to offer our prayers on behalf of our loved ones and made us realise that we all belong to the Almighty, One Religion, One Community as the holy water reaches to all without difference of caste and creed. The real definition of adventure is to experience the adventure. And trust me if I say that, while water rafting with 5 high rapids, left all of us with a cold shiver every time we hit the waves, We rowed with strength and experience the literal meaning to sail against the tides. 360 flip into the holy water of Ganges infused all of us with a feeling of satisfaction that we must have been able to get rid of all our innocent mistakes committed so far. Rightly said, *the few life lessons are learnt while experiencing the real life situations, so trust me that all my team mates have experienced many things as at the end of each day, what food they ate, the place they stayed, the weather they experienced took a back seat as they were busy counting their blessings and preparing themselves for the next day challenges.*
